

### **M&C March Report to Meeting for Worship with Attention to Business**

1. We are presenting the State of Society for 2024 for first reading. Please read this draft in advance (elsewhere in the newsletter).
2. We are working on trimming down our Contact List to more closely reflect the current attenders of meeting. We note that there is a separate member list and contacting these non-active members is something we are beginning to work on. There is another much larger list of people that receive the newsletter and that list is not our responsibility and not tied to membership or the Contact List.
3. We are led to offer a monthly Meeting for Healing before 3<sup>rd</sup> Sunday worship. This may expand to other times on Zoom. See newsletter announcement.
4. Fourth Sunday this month will not have any program because we are hosting Quarterly Meeting. On 5<sup>th</sup> Sunday (March 30). Greg is leading the Quarterly Meeting in a "Listening Session on New England Yearly Meeting Sessions". This program will likely last until 2:30 or 3pm. It will be a potluck. More details in coming weeks. Would we want to hold a potluck 4<sup>th</sup> Sunday so we will not miss this important time of fellowship?
